### Class Rank

Due to the small class size, the student body is atypical; thus ranking students strictly by GPA would not accurately reflect a student's accomplishments or capabilities. Therefore, BCS ranks only the top 10% of the graduating class and does not rank otherwise.

### Course Selection Handbook

The Course Selection Handbook found on the BCS website at [www.1bcs.org](http://www.1bcs.org) includes the following:

- Graduation Requirements
- High School Course Offerings
- Advanced Placement (AP) Courses
- High School Grade Scale Calculation (GPA & CNA)
- Class Rank
- Selection of Valedictorian and Salutatorian

### Quartile

Final Quartile will be determined at the end of the second semester of the 12<sup>th</sup> grade.

- First quartile is weighted CNA of 90.000 and above.
- Second quartile is weighted CNA of 85.000 to 89.999.
- Third quartile is weighted CNA of 80.000 to 84.999.
- Fourth quartile is weighted CNA of 79.999 and below.

### Standardized Test Performance

- Standardized testing is conducted every spring in K-8th grade using the Stanford Achievement Test. Students consistently score above the national norm.
- 9th-11th grade students take the PSAT test in the fall each year.
