The Moffats by Eleanor Estes
Call it Courage by Armstrong Perry
Tuck Everlasting by Natalie Babbitt
The Phantom Tollbooth by Norton Juster
My Side of the Mountain by Jean Craighead George

BCS 3rd-6th Summer Reading Project Directions

Book Jacket:

Students will use materials of their choice to make their book jacket (book cover). Large sheets of construction paper are a good choice for this project. On the front of the book jacket, students will write the name of the book, author, and illustrator. They will also draw a picture to represent something from their book. The back cover can have a picture from their book or the student can write two or three sentences giving a brief review of their book.

Mobile:

This project can be completed by the student in any way the student wishes. Most mobiles are made by hanging pictures and/or objects from a clothes hanger. Somewhere on the mobile, the students should attach the name of the book, the author, and the illustrator. For mobile ideas, visit enchantedlearning.com and search mobiles.

Clay Figure:

Students will use clay to make a replica of at least one character or animal from their story. The students are to use their own hands and creativity to complete this project.
